# DRAKE BAY

## OSA PENINSULA, COSTA RICA

One of the most beautiful and yet remote parts of southern Costa Rica, Drake Bay is currently accessible by boat as it was when Sir Francis Drake discovered this paradise in 1579! This bay now bears his famous name!

Two beach front properties are available: 15 acres with 1200 feet of beachfront. Also, 3.29 acres with 207 feet of beachfront. Both view to the never-ending beauty of the Pacific Ocean! A small airstrip is within a 10 minute walk. Subdivision possible - ask us!
